PROFESSIONAL PROJECTS

Cerner, sponsored by Nick Gould

Fall 2021 (current)

My team has been asked to design a webapp to promote 2-way communication between healthcare clients and providers, locating opportunities to address existing client pain points through primary research.

- Utilize research, UI design and collaborative leadership to deliver hi fidelity Figma prototypes
- Develop and maintain a semester timeline in the form of **Agile Sprints to deliver MVP** as a Team Lead

Affinity, sponsored by Landon Young

Fall 2020

My team was given an open-ended project in an attempt to uncover new opportunity spaces for university fundraisers to connect in a meaningful way with donors given fundraisers' new workflows during the COVID-19 pandemic.

- **Uncovered unique opportunities** within the fundraising space through stakeholder interviews
- Utilized skills in **storytelling** to captivate sponsor and pitch our team's idea

MENTORING

Mentorship Opportunity

Spring 2021

- Volunteered to foster a relationship with one student mentee through weekly online meetings
